

# INTERNSHIP PROGRAMME

## OVERVIEW

Export-Import Bank of Malaysia (EXIM Bank Malaysia) is a Development Financial Institution (DFI) wholly owned by the Minister of Finance Incorporated (Inc.). It is established to promote reverse investment and export of strategic sectors, such as capital goods, infrastructure projects, shipping, value-added manufactured products and services, as well as to facilitate the entry of Malaysian companies to new markets, particularly to non-traditional markets.

# 01

## The Internship Programme

Our internship programme offers an opportunity to gain invaluable experience and unique insights of cross-border banking, as well as to help equip undergraduates with future career requirements.

# 02
